Introduction:

Under the patronage of His Majesty King Mohammed VI, King of Morocco, and under the slogan **"Mineral Resources promising potential for sustainable development"** The Arab Industrial Development and Mining Organization (AIDMO) in collaboration with the Ministry of Energy, Mines, Water and Environment - Kingdom of Morocco and the Ministry of Petroleum and Mineral Resources- Kingdom of Saudi Arabia **organized "The 13th Arab International Mineral Resources Conference and Its Accompanying Exhibition"** in the Hotel Kenzi Farah in Marrakech, Kingdom of Morocco during the period: 28-30/04/2014, with the presence of Arab Mineral Resources Ministers as well as Arab and foreign companies and authorities related to mining and investment sector. Arab and foreign experts will participate in the conference with working papers covering various themes scheduled in the conference agenda.

A technical exhibition will be organized on the sidelines of this conference to view the latest bodies and Arab and foreign companies operating in the mining industry. It is also an opportunity for a direct meeting between the workers in the field of science, industry and investment companies producing equipment and equipment used in the mining sector in order to showcase their products and publicize it.

The organizing committee, are highly pleased to welcome Their Excellencies officials responsible for the mineral resources sector and all participants in this important conference, which aims at promoting the mineral resources sector as well as strengthening and encouraging integration and cooperation in developing and investing in such sector.

The Conference will be held under the patronage of His Majesty King Mohammed VI, King of Morocco.

Date and Place:

Conference will be held during the period 28-30 April 2014 in Marrakech- Kingdom of Morocco.

Chairmanship:

The conference will be held under **the chairmanship of His Excellency the Minister Mines, Water and Environment- Kingdom of Morocco.**

Organizing Committee:

- Ministry of Energy, Mines, Water and Environment represented by the Mineral Development Directorate - Kingdom of Morocco.
- Ministry of Petroleum and Mineral Resources represented by the Deputy Ministry for Mineral Resources - Kingdom of Saudi Arabia.
- Ministry of Minerals represented by the General Authority for Geological Research- Republic of Sudan.
- Arab Industrial Development and Mining Organization.

The committee is headed by **HE Mr. Mohamed Ben Youssef** Director General of AIDMO.

Preparatory and Executive Committee:

- ✓ Natural Resources Authority / Hashemite Kingdom of Jordan.
- ✓ Ministry of Energy - Oil and Mineral Resources sector / United Arab Emirates.
- ✓ The Ministry of Industry - the National Bureau of Mines / Republic of Tunisia.
- ✓ Ministry of Petroleum and Mineral Resources - Deputy Ministry for Mineral Resources / Kingdom of Saudi Arabia.
- ✓ Ministry of Minerals - General Authority for Geological Research / Republic of Sudan.
- ✓ Ministry of Energy, Mines, Water and Environment - Mineral Development Directorate / Kingdom of Morocco
- ✓ Ministry of Oil and Energy and Minerals - Minerals Directorate / Islamic Republic of Mauritania.
- ✓ Ministry of Oil and Minerals - Geological Survey and Mineral Resources - Republic of Yemen.
- ✓ Scientific Institute / the University of Mohammed V - Agdal - Kingdom of Morocco.
- ✓ Regional Center for Remote Sensing of North Africa States
- ✓ Arab Mining Company
- ✓ Arab Industrial Development and Mining Organization

The preparatory committee will be headed by the representative of the Ministry of Energy, Mines, Water and Environment - Kingdom of Morocco.

Date and Place:

Conference will be held in the Hotel Kenzi Farah in Marrakech, Kingdom of Morocco during the period: 28-30/04/2014

Slogan of Conference:

"Mineral Resources promising potential for sustainable development"

Objectives

- ✓ Exchange of knowledge and experience between Arab and Foreign experts and Arab and international institutions working in the mining sector and activating the Arab-international cooperation in this field.
- ✓ Defined by the mineral sector and its impact on the economies of Arab countries, and the promotion of mining projects and the development of the mining legislation and remove the obstacles that hinder Arab and Foreign investments in this sector.
- ✓ Identify the economics of mineral ores in the light of international trade shifts.
- ✓ Identification of investment opportunities in the mineral sector in the Arab region, and encouragement for the development and scalability.
- ✓ Attracting the funds and the private sector to invest in the mining sector.
- ✓ Perfect investment of mineral resources and preserving the environment.
- ✓ Access to modern technologies in the field of research and exploration of mineral resources in the Arab countries.
- ✓ Encouraging the cooperation and coordination Arab and international the field of mineral exploration and mining manufacturing among Arab countries.

Topics

1. Investment opportunities in the mining sector in the Arab countries.
2. Geological mineral belts in the Arab world and potential capabilities (Nubian shield Arab. Alrjibat, Alhogar, torsional belt of northwest Africa, ... etc.).
3. Mining investment climate in the Arab countries
4. Mineral resources as one of the alternative sources of energy.
5. Manufacturing of mineral ores.
6. Modern technology and its role in the exploration, extraction and processing of mineral ores.
7. International experiences in mining activity and its role in sustainable development.
